PROFESSIONAL SUMMARY

MCA and B.Com graduate with hands-on experience as a Data Engineer Intern, bridging technical and business analysis skill sets. Experienced in requirements gathering, stakeholder collaboration, process mapping, gap analysis, BRD/FRD, and UAT on the business side, alongside SQL, Python, and Power BI for data cleaning, analysis, and dashboarding on the technical side. Strong foundation in SDLC/Agile delivery, business, and finance. Built 3 dashboards and automated 4 ETL pipelines, improving reporting accuracy and turnaround time. Seeking opportunities as a Business Analyst or Data Analyst where I can translate business needs into data-driven, practical solutions.

TECHNICAL SKILLS

- **Business Analysis:** Requirements Gathering & Elicitation, BRD/FRD, User Stories, Use Cases, Process Mapping, As-Is/To-Be Analysis, Gap Analysis
- **Analytics & BI:** SQL, Excel (Advanced), Power BI, DAX, Data Visualization, EDA, Data Cleaning, MIS Reporting
- **Programming & Databases:** Python, Pandas, NumPy, MySQL, SQLite
- **Concepts:** ETL, DBMS
- **AI Tools:** ChatGPT, GitHub Copilot, Claude AI, Gemini
- **SDLC & Agile:** SDLC, Agile/Scrum, Sprint Planning, Backlog Grooming, Change Management, Risk Assessment
- **Testing & Quality:** UAT, Test Case Design, Test Plans, Defect Tracking, Data Validation & Reconciliation
- **Tools:** Jira, MS Office, GitHub, VS Code, ERP Systems
- **Finance & Accounting:** Accounting Principles, Financial Statements, Cost Accounting, Tally ERP 9

PROFESSIONAL EXPERIENCE

Data Engineer Intern | Bitwix Technology Pvt Ltd, Chhatrapati Sambhajnagar

Dec 2025 – Apr 2026

- Gathered and documented business requirements from cross-functional stakeholders and translated them into technical specifications for 5+ MIS and reporting datasets.
- Cleaned, transformed, and validated 100,000+ production records across 5+ datasets using Python (Pandas, NumPy), improving reporting accuracy by ~30%.
- Performed gap analysis and process mapping for the Medical Cotton Production workflow, identifying inefficiencies across 4 departments and proposing process improvements.
- Wrote 20+ optimized SQL queries on 100,000+ row datasets, reducing query execution time by ~40% and enabling faster business insight delivery.
- Led the Medical Cotton Production MIS module, automating inter-department reporting for 4 departments and improving data-sharing efficiency by ~45%.
- Developed 3 Power BI dashboards for production tracking and MIS reporting, reducing manual reporting effort by ~50% per cycle.
- Supported UAT for ETL automation and dashboard rollouts; coordinated stakeholder sign-off and documented test cases and defects.
- Collaborated across 2 Agile sprints with a 5-member cross-functional team using Jira and GitHub, participating in sprint planning and backlog grooming.

PROJECTS

Medical Cotton Production MIS & Data Pipeline *Python, SQL, Power BI*

- Led requirements gathering and process mapping for MIS reporting and ETL pipelines processing 100,000+ records across 4 departments; reduced manual data entry by ~40% and improved report turnaround by 2x.
- Built 2 Power BI dashboards with 8+ KPI cards, standardized data formats, and conducted UAT with department stakeholders, cutting inter-department delays by ~45%.

Blinkit Dynamic Sales Dashboard *Power BI, DAX*

- Built an interactive Power BI dashboard analyzing 100,000+ sales records across 10+ cities and 5+ categories; developed 15+ DAX measures and drill-through reports, reducing manual analysis time by ~60%.

Waste Management System *MERN Stack (MongoDB, Express, React, Node.js), JWT*

- Defined functional requirements and user stories for a role-based waste-tracking platform with JWT authentication and RBAC for 3 user roles, supporting 100+ concurrent users.
- Built 4 operational dashboards for complaint tracking and monitoring, reducing complaint-resolution tracking time by ~35%.

EDUCATION

Master of Computer Applications (MCA) | CGPA: 6.95 — Govt. College of Engineering (GECA) 2024 – 2026

Bachelor of Commerce (B.Com) | CGPA: 7.25 — S.B.E.S. College of Commerce & Arts 2021 – 2024

HSC | 87.67% — Maulana Azad Junior College 2020 – 2021

SSC | 76.60% — D.K. Secondary High School 2018 – 2019

CERTIFICATIONS

- Python Programming — GeeksforGeeks
- SQL and Excel for Data Analysis — GeeksforGeeks
- Data Science 101 — IBM SkillsBuild
- AWS Hands-On Workshop — C-CuBe
- AI Upskilling Certificate: Technical Foundation — Qualcomm Academy
